

Foreword	i
Preface	iii
Contents	vii
List of Contributors	xi-xiv
 Inaugural Address <i>S. Asokan</i>	 1
 Valedictory Address <i>D. Jayakumar</i>	 5
 Coastal Hazards – Some Observations along East Coast of India <i>K.N. Mathur</i>	 9
 National R&D Initiatives after the Great Tsunami of 2004 <i>M. Prithviraj</i>	 23
 Coordinated Research Programme on Coastal Zone Resource Management : DST's Initiatives <i>Bhoop Singh and A.K. Singh</i>	 31

SECTION I : The Tsunami

1. The 26th December Tsunami: A Case Study and Afterthoughts <i>O.P. Varma and G.V. Rajamanickam</i>	37
2. Living with Tsunami: Future Directions for Coastal Landuse in Sri Lanka <i>J.J. Wijetunge</i>	73
3. Some Post-Tsunami Observations on Kanyakumari Coast, South India <i>N. Chandrasekar, G. Victor Rajamanickam and C. Hentry</i>	81
4. GIS: An Essential Component of Tsunami Warning System <i>D. Sathishkumar, V. Rajesh Kumar, Sujatha E. Ramani, and L. Nisha</i>	91

SECTION II : Cyclone and Storm Surge

5. Influence of Shallow Water on Wave Run-up Over Rough Slopes of Coastal Structures
J.J. Wijetunge 95
6. Utility Analysis of Cyclone Shelter Centers in Coastal Belt of Bangladesh: A Case Study of Kutubdia Island
Alak Paul and Md. Shahidul Islam 105
7. Visual Climatic Chart Tool on Cyclonic Weather Affecting Paddy Crops along Tamil Nadu Coastal Zone (India)
R. Madhavan 117
8. Impact of ENSO and SSTs over Niño-4 on Frequency of Tropical Cyclones over Bay of Bengal during Winter Monsoon Season
O.S.R.U. Bhanu Kumar, C.V. Naidu and S.R.L. Rao 125
9. Coastal Ecosystems for Protection against Storm Surge
Antonio Mascarenhas 135
10. Impact of Supercyclone of October 1999 on Orissa Coast, Easter India
Manmohan Mohanti 147
11. Model Simulation of Storm Surge Potential for Andaman Islands
V. Satish Kumar, V. Ramesh Babu, M.T. Babu, G. Dhinakaran and G. V. Rajamanickam 159

SECTION III : Coastal Erosion and Environment Degradation

12. Coastal Erosion along Some Beach Sectors of West Bengal, India
T.K. Mallik and S. Roychoudhury 165
13. Hot Spot Regions of Marine Environmental Pollution along Coastal Regions of Chennai: A Pilot Study
S. Kamatchiammal, S. Anbazhagi, D. Loganathan, U. Manivel and R. Jayabalou 173
14. Marine Algae as Biomonitor of Pollution at Tuticorin Coast, South East Coast of India
Hannah R. Vasanthi and G.V. Rajamanickam 179
15. Bioaccumulation of Zinc by Seaweeds for Effluent Treatment
R.B. Thorat, H.V. Joshi, S.K. Mandal, Nisha Anand, and B. Jha 189

16. Metals in Coastal Zooplanktons – A Coastal Living Resource Hazard
J.S. Paimpillil, J. Thresiamma, Rejomon George & Vijay John Gerson 199

SECTION IV : Urbanization and Coastal Ground Water Management

17. Pollution Hazards in Coastal Groundwater and Quality Management in India
Subhajyoti. Das 209
18. Biodiversity Indices of By-Catch during Wild Shrimp Seed Collection from West Bengal Coast, India
S. K. Das, A. K. Sarkar and A. Mondal 231
19. Urbanisation, Coastal Hazards, and Coastal Management
M. Baba 239

SECTION V : Mitigation of Hazards

20. Tropical Cyclones - Role of India Meteorological Department in Distress Mitigation
S. Sridharan 249
21. Measures for Combating Coastal Hazards
Subhasis Sen 259
22. Coastal Zone Management Strategies to Protect the Tamil Nadu Coastal Aquifers from Sea-Water Ingression
P.M. Natarajan, Shambu Kallollikar, and P.M.N. Ambalavanan 265
23. Coastal Structures – A Feasibility Study on Anti-corrosive Reinforcement
S. Gowrisankar, G. Dhinakaran, and C. Antony Jeyasehar 279
24. Technologies for Strengthening and Protecting RCC Compression Members in Aggressive Environment
K. Manoharan, G. Dhinakaran and C. Antony Jeyasehar 285
- Appendix-I. Conference Recommendations
O.P. Varma 291
- Appendix-II. Some major earthquakes in India. 299
- Appendix-III. Deadliest earthquakes. 301
